

Introduced by Senator Maldonado

February 10, 2005

An act to amend Section 5907 of the Revenue and Taxation Code, relating to county assessors.

LEGISLATIVE COUNSEL'S DIGEST

SB 196, as introduced, Maldonado. County assessor employees: annual evaluation.

Existing law prohibits state or local officers or employees who are responsible for the appraisal or assessment of property from being evaluated based solely upon the dollar value of the assessments enrolled or property taxes collected as a result of their appraisal or assessment. Existing law also specifies that these officials and employees may be evaluated based upon the propriety and application of the methodology used in arriving at a value determination.

This bill would require an annual performance evaluation, as specified, of employees in each county assessor's office. This bill would authorize each county assessor to determine the scope and manner of these evaluations, but would require that these evaluations consider the quantity and quality of the work performed by the employee. This bill would also require that these evaluations be considered during any disciplinary, employment transfer, or employment promotion process pertaining to the employee.

By requiring the assessor's office of each county to conduct these performance evaluations, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
